

Secondary Reference Standard

Certificate of Analysis

P-18

Paracetamol

Lot No.: A101001BP

Molecular Mass	151.2 g/mol
Molecular Formula	C ₈ H ₉ NO ₂
CAS number	103-90-2
Pharmacopeia Reference	British Pharmacopeia
Traceable to	BP 371
Expiry Date	January 2019
COA Code	COA-T4H001

Test	Results
Assay (<i>as is basis</i>)	0.999

Date of Release: April 06, 2018	Quality Assurance:

Technology Solutions for Global Health Secondary Reference Standard (SRS)

Information Leaflet

Paracetamol

P-18

Structure

CAS Number: 103-90-2 | Batch No: A101001BP

Assigned Content: 0.999 (AS IS Basis)

Identification: Positive identification for Paracetamol

Description: White powder

Use: Calibrated against British Pharmacopeia (BP), to be used as directed in BP monograph. After removing from the refrigerator, allow vial to warm to room temperature before use.

Use and Storage Condition: After opening, close tightly with the rubber stopper and wrap parafilm around it, protect from light and keep in refrigerator.

Product Liability: Any liability for loss of profit, other consequential loss or injury from use of this product is excluded to the full extent permitted by law.

MSDS: See corresponding pharmacopeia (British Pharmacopeia) for safety information
